

St. Vincent and the Grenadines Disaster Relief

July 28, 2024 — August 3, 2024

Starting at: \$750

OVERVIEW

Our Work

Clinic will take place in the remote island communities of Union Island where up to 90% of buildings were damaged or destroyed in the wake of Hurricane Beryl. Our team will provide medical expertise, specializing in optometry, dentistry, health, and hygiene education to hundreds of local men, women, and children. The communities within these remote islands have a population of over 3,000 people, some villages only being accessible via boat are amongst the poorest islands in the Caribbean.

With diligent planning and preparation, IMR is dedicated to ensuring that specific goals are met on our missions, each in correlation to the United Nations Sustainable Development Goals 3, 6, and 17.

IMR works to elevate vulnerable populations through shoulder-to-shoulder care with our local partners, creating workforce density, and a cadre of future healthcare and public health leaders in association to UNSDG 3: Good Health & Wellbeing.

Our medical mission teams also work toward UNSDG 6: Clean Water & Sanitation by supporting and strengthening the participation of local communities in improving their water quality, and installing water filtration systems that supply communities with clean drinking water and providing education on hydration and hygiene.

In correlation with UNSDG 17: Partnerships for the Goals, our organization works in collaboration and at the request of local hosts where we are under their direct influence and affluence. IMR never goes into a country without a formal invitation where there is a great community need for medical or dental care, and health education.

This Mission

The Grenadine Island chain consists of 35 small islands and is located in the Caribbean Sea. These islands are situated 120 miles southwest of Barbados and 150 miles south of Trinidad.

The island chain was hit hard by Hurricane Beryl in early July. The hospital on Union Island was severely damaged; the medical staff is now forced to treat patients in the lobby area or out on the street.

On this disaster relief trip, you will fly into Argyle International Airport on St. Vincent. Upon arrival, you will ferry over to Union Island to meet your team.

Lodging/Transportation

Before your departure, you will be advised of your accommodations so you know how to pack. Upon your arrival, all transportation and ferries to clinic will be arranged for you.

FLEXIBLE FLIGHT OPTIONS

Volunteer with Airfare

You may choose to book a flight with us for an additional fee. Details on the available flight routing and US departure city will be announced on . Airport transportation to and from the team's accommodations are also included with this option. Depending on your departure city, you may still need to purchase another flight in addition to this one. After this flight has been booked, you may contact our travel agent, Worldwide Navigators, for assistance booking any necessary additional flights.

Benefits of Flying at a Group Rate

- Travel with other members of your team on select routing
- Fly on a group ticket at a guaranteed rate
- Transport to and from the airport included

Volunteer without Airfare

Many team members choose to book their flight(s) to and from the mission location independent of IMR. This is a great option if you would like to extend your stay in the area to tour and explore, or if the routing from your home airport is more feasible for you. If you choose to fly independently, please note that your transportation in between the airport and the team's accommodations will not be provided. This will need to be arranged separately. Our partner for travel, Worldwide Navigators, would be happy to assist you in coordinating flights and/or transportation. You can contact them at travel@worldwidenavigators.com.

Benefits of Flying Independently

- Extend your stay and customize your dates of travel
- Choose your departure location
- Customize your class of service
